## **Mission Statement**

Blessed Robert Widmerpool Catholic Voluntary Academy is a Catholic school where Christian values underpin every aspect of school life. The school's Mission Statement outlines how these values influence our aims and guide our work together. Our Mission Statement is: ***"We walk kindly in the footsteps of Jesus Christ as we live and learn."***

## **Ethos, Vision and Values**

The school is committed to ensuring equality of opportunity for all its employees, pupils and any others involved in the school community. The school aims to create a happy and secure environment where all children can reach their potential – spiritually, morally, culturally, physically and academically. Children are encouraged to be responsible for their own actions and a culture of independence and respect is promoted through our core values.

The curriculum of the school, underpinned and inspired by the teachings of the Catholic Church, recognises that each child is a unique and valued individual. All children are offered the opportunity to develop fully irrespective of ethnicity, faith, social background or gender.

The school's core values, which have been generated by children and staff, assist children to build their learning power. They enable children in developing the knowledge, attributes, skills and attitudes that will support them throughout their lives and help them to reach their full potential and flourish in our ever-changing society. The way that the school teaches these behaviours is through the **5Rs** which include:

- Responsibility
- Resilience
- Resourcefulness
- Relationships
- Reflectiveness

## Blessed Robert Widmerpool Equality Policy Statement

### Legal Duties

1. We welcome our duties under the Equality Act 2010 to eliminate unjust discrimination, advance equality of opportunity and foster good relations in relation to age (as appropriate), disability, ethnicity, gender, religion and sexual identity.
2. We welcome our duty under the Education and Inspections Act 2006 to promote community cohesion.
3. We recognise that these duties reflect international human rights standards as expressed by the UN Convention on the Rights of the Child, the UN Convention on the Rights of People with Disabilities, and the Human Rights Act 1998.
4. We recognise the need to treat people fairly in accordance with the precepts of the Catechism of the Catholic Church.

We understand the principal of the Equality Act 2010 and the work needed to ensure that those with protected characteristics are not unjustly discriminated against and are given equality of opportunity.

A protected characteristic under the act covers the groups listed below:

- age (for employees not for service provision),
- disability
- race
- sex (including issues of transgender)
- gender reassignment
- maternity and pregnancy
- religion and belief
- sexual orientation
- Marriage and Civil Partnership (for employees)

In order to meet our general duties, listed above, the law requires us to do some specific duties to demonstrate how we meet the general duties. These are to:

- Publish equality Information – to demonstrate compliance with the general duty across its functions (we will not publish any information that can specifically identify any child).
- Prepare and publish equality objectives

To do this we will collect data related to the protected characteristics above and analyse this data to determine our focus for our equality objectives. The data will be assessed across our core provisions as a school. This will include the following functions:

- Admissions
- Attendance
- Attainment
- Exclusions
- Prejudice related incidents

Our objectives will detail how we will ensure equality is applied to the services listed above however where we find evidence that other functions have a significant impact on any particular group we will include work in this area.

In fulfilling our legal obligations we will:

- Recognise and respect diversity
- Foster positive attitudes and relationships, and a shared sense of belonging
- Observe good equalities practice, including staff recruitment, retention and development
- Aim to reduce and remove existing inequalities and barriers
- Consult and involve widely
- Strive to ensure that society will benefit

This school is opposed to all forms of prejudice and we recognise that children and young people who experience any form of prejudice-related unjust discrimination may fair less well in the education system. We provide both our pupils and staff with an awareness of the impact of prejudice in order to prevent any incidents. Any incidents that do occur are addressed immediately and logged on a register in accordance with our anti-bullying policy.

## **Guiding principles**

In fulfilling the legal obligations referred to above, we are guided by nine principles.

### **Principle 1: Every person is of equal value**

We believe that every person is a unique individual, created in God's image and loved by Him. We are therefore committed to treat every person with equality of esteem and the respect and dignity due to a child of God. We see all people and potential learners as of equal value; regardless of their status.

### **Principle 2: We recognise and respect difference**

Treating people equally does not necessarily involve treating them all the same. **Subject to the need to operate in accord with the official doctrines, practices and laws of the catholic Church,** our policies, procedures and activities must not unjustly discriminate, but are differentiated, as appropriate, to take account of differences of life-experience, outlook and background, and in the

kinds of barrier and disadvantage which people may face, in relation to the status's identified in Principle 1 above.

**Principle 3: We foster positive attitudes and relationships, and a shared sense of cohesion and belonging**

We intend that our policies, procedures and activities should promote:

- positive attitudes towards people regardless of their status as listed in Principle 1 above
- mutual respect, positive interaction, good relations and dialogue between all people regardless of their status as listed in Principle 1 above

**Principle 4: We observe good practices in staff recruitment, retention and development**

Policies and procedures should benefit all employees and potential employees, for example in recruitment and promotion, and in continuing professional development; regardless of their status as listed in Principle 1 above.

**Principle 5: We aim to reduce and remove inequalities and barriers that already exist**

In addition to avoiding or minimising possible negative impacts, we take opportunities to maximise positive impacts by reducing and removing inequalities and barriers that may already exist between people identified in Principle 1.

**Principle 6: We consult and involve widely**

People affected by a policy or activity should be consulted and involved in the design of new policies, and in the review of existing ones. We involve these identified in Principle 1.

**Principle 7: Society as a whole should benefit**

We will ensure that the whole school community is aware of the Single Equality Policy and our published equality information and equality objectives by publishing them on the school website and through other mediums as identified by the Governing Body.

**Principle 8: We base our practices on sound evidence.**

We maintain and publish quantitative and qualitative information about our progress towards greater equality in relation to those identified in Principle 1:

**Principle 9: Objectives**

We formulate and publish specific and measurable objectives, based on the evidence we have collected and published (Principle 8) and the engagement in which we have been involved (Principle 7) in relation to the status listed under Principle 1.

5. We recognise that the actions resulting from a policy statement such as this are what make a difference.

6. Every three years, accordingly, we will draw up an action plan within the framework of the overall school improvement plan and processes of self-evaluation, setting out the specific equality objectives we shall pursue. The objectives which we identify take into account national and local priorities and ideas, as appropriate.

7. We keep our equality objectives under review and report annually on progress towards achieving them.

### **The Curriculum**

8. We keep each curriculum subject or area under review in order to ensure that teaching and learning reflect the seven principles in paragraph 4 above.

### **Ethos and Organisation**

9. We ensure that the principles listed in paragraph 5 above apply also to the full range of our policies and practices, including those that are concerned with:

- learners' progress, attainment and assessment
- learners' personal development, welfare and well-being
- learning and teaching styles and strategies
- admissions and attendance of staff recruitment, retention and professional development
- care, guidance and support
- behaviour, discipline and exclusions of working in partnership with parents, carers and guardians
- working with the wider community.

### **Addressing prejudice and prejudice-related bullying**

10. The school is opposed to all forms of prejudice which stand in the way of fulfilling the legal duties referred to in paragraphs 1 and 2:

- prejudices around disability and special educational needs
- prejudices around racism and xenophobia, including those that are directed towards religious groups and communities, for example anti-Semitism and

Islamophobia, and those that are directed against Travellers, refugees and people seeking asylum

- prejudices reflecting sexism and homophobia.

11. There is guidance in the staff handbook and behaviour policy on how prejudice-related incidents should be identified, assessed, recorded and dealt with.

12. All prejudice-related incidents at our school are logged on a register so that patterns and trends can be monitored.
