

Dear parents,

A big thank you!

With your donations and help, we have been enjoying OPAL (Outdoor Play and Learning) for a whole half-term now. The feedback from children and adults has been positive, but we do not want it to end there! OPAL will be part of BRW lunchtimes for the foreseeable, and to ensure it remains a success, we need as many play parts as possible.

We need your help...again!

1) Resources: the more resources we have, the more children can enjoy OPAL! I have attached the OPAL Bingo card again to remind you of the types of equipment we can use. As Christmas is approaching, it may be time for a clear out, and we will happily put your old items to good use! We are particularly **desperate** for **large loose parts**:

- a. **Tyres**
- b. **Tree stumps**
- c. **Plastic/cardboard/corrugated/PVC pipes**
- d. **Wooden planks**
- e. **Tarpaulin**
- f. **Wheel barrows**

2) Skills: we still need your building skills...carpentry, gardening and so much more! If you are able to lend a hand to building structures and storage for our OPAL project, or if you have contacts in these industries, we would be very grateful to you!

Please get in touch with the school office or your child's teacher if you can offer any resource or support with the OPAL project. We welcome donations and can help with heavy lifting!

Yours sincerely,

Mrs C Hautenne and the children of BRW School
